DEPTH IS THREE TO EIGHT FEET

of Colorado.

Party of Twenty-four is Stalled Near Canon City and It Is Feared They Have Perished-Trains Unable to Move at Any Points and in Denver Foot Travel is Almost Impossible

Denver, Dec. 6.-Lost in the eight feet of snow between the mines near Canon City and their homes, twentyfour persons-sixteen miners and a rescue party of eight-may have perished. Their fate will not be known until the great drift is broken.

The snow that covers the entire state also has buried two stage coaches near Boulder and one near Buena Vista and it is feared the drivers and occupants have frozen to

Snow ranges in depth from three to eight feet. Never in the history of the Rocky mountains has anything been experienced to compare with the storm which has been raging since Monday.

The snow in Denver is forty-four the state.

Vehicle Traffic Suspended.

ty-six hours. As to motor cars none even desires to try them. Those who move at all must do so by foot.

Conditions in the other cities of the state, such as Colorado Springs, Trinidad, Canon City, Cripple Creek, Victor, Grand Junction, in fact, every town in Colorado, except a few small places on the west slope, are in even worse condition.

In Denver every downtown hotel is crowded, theaters and school houses are being utilized for refugees who are unable to reach their homes.

In the Trinidad mining district. where martial law is in existence, the tents of both the soldiers and the striking miners are isolated. Many of the tents, at the time communication was last obtainable from there, had been blown down and the suffering was said to be intense.

Many Buildings Collapse.

Throughout this state many buildangs have collapsed from the sheer weight of the snow.

The roof of the First Baptist church caved in and twenty persons were submerged. All were taken out uninjured.

At Cheyenne, Wyo., the entire roof of the Burlington railway station caved, but no one was reported in-

The Foster building in Denver was flooded by the bursting of a water reservoir on the roof and offices suf-

fered great damage. In Denver all schools are closed indefinitely, almost every theater has canceled its engagements until the weather is more favorable and on top of it all a coal famine is impending. all companies having declared that deliveries under present conditions are impossible.

Bread Famine at Denver.

The groceries are out of bread and the butchers declare that if the storm continues meat deliveries will be im-

Owing to the strike in Southern Colorado the supply of coal to Denver has been barely up to demand and now that trains are unable to reach the city, if the storm continues, intense suffering is certain.

The one saving feature thus far has been a moderate temperature. However, the weather forecaster says it will be colder.

The nuwspaper offices are being besieged by dozens of persons who report that relatives are missing.

The dairies issued a bulletin to the effect that cream and milk would be supplied only for babies. Similar action was taken by the milk companies at Canon City, Colorado Springs, Grand Junction and other

towns of importance. From the plains comes the news that cattle and sheep are suffering intensely. Herders are certain to lose thousands of dollars.

CONGRESS BUSY ON MANY MEASURES

Loafed All Summer and Now Begins Real Work.

CUESENCY BILL WORRIES ALL

Much Advice For Members of Both Houses-Women Put In Claims For Votes, While Deeper Waterway Advocates Urge Favorable Legislation. Marshall Makes a Discovery.

By ARTHUR W. DUNN. Washington, Dec. 6 .- [Special.]-After having dawdled away part of the summer and all the fall on the currency bill the senate took a sudden spurt of industry. The Democratic caucus worked all day Thanksgiving on the bill and declared the intention of having no holiday adjournment unless the bill passed before Christmas. Congress is not understood by the outsiders. We can't explain congress ourselves.

This sudden, intense and overplayed industry and activity are characteristic of congress-delay, put off, hesitate, adjourn, do nothing, etc., for months RADICALS RULE CONFERENCE and then rush with an impetuousness that rivals Niagara. That is done dur ing a few weeks of the short session, when there are only three months of the session. All the work is crowded into the last few weeks.

It was along in the summer that the president delivered his currency address. It was the last part of November before a bill was reported to the reaffirm the more conservative prisenate. mary plank in the last Republican

CURSENCY BILL WORRIES ALL

Much Advice For Members of Both Houses-Women Put In Claims For Votes, While Deeper Waterway Advocates Urge Favorable Legislation. Marshall Makes a Discovery.

By ARTHUR W. DUNN.

Washington, Dec. 6.-[Special.]-After having dawdled away part of the summer and all the fall on the currency bill the senate took a sudden spurt of industry. The Democratic caucus worked all day Thanksgiving on the bill and declared the intention of having no holiday adjournment unless the bill passed before Christmas. Congress is not understood by the outsiders. We can't explain congress our-

This sudden, intense and overplayed industry and activity are characteristic of congress-delay, put off, hesitate, adjourn, do nothing, etc., for months and then rush with an impetuousness that rivals Niagara. That is done during a few weeks of the short session, when there are only three months of the session. All the work is crowded into the last few weeks.

It was along in the summer that the president delivered his currency address. It was the last part of November before a bill was reported to the senate.

Recalls a Cleveland Episode.

Sitting through the holiday rede will recall a Cleveland episode. Clev hard times and money troubles. gress was about to adjourn for holidays when Cleveland sent in wise for congress to adjourn. urged that it remain in session and attend to the ills of the country. Of course congress didn't dare adjourn in rooned flood victims. Mr. Martin lation to the Republican members of the face of such a presidential admoniconfluence of the Little and Big ed to Republican control in the last try by fixing up a scheme by which net, by a royal proclamation promuldetectives a few women escaped election. Nearly every Republican of it adjourned three days at a time for two weeks, with no one present except the presiding officer and some one to make the motions.

They Are So Slow.

Obadiah Gardner, for a time a senator from Maine and seriously considered for a cabinet place, finally land ed on the water boundary commission which seems to be a fine place for "lame ducks," especially ex-senators. The late Senator Carter was its first chairman. Jim Tawney of Minnesota was made a member when he went of Washington is a member. Gardner narrowly missed re-election to the senate, and he finally landed on this commission. He was asked how he

liked the place. "They move so slowly," was the

PROCEEDINGS IN BANKRUPTCY

District No. 16 Boasts of a Fine
Structure on Which Much Work
was Done by Local Men

The people of school district No.
16, which was lately enlarged by the inclusion of districts No's 6 and 23, are rejoicing over the completion of a new school house which is perhaps the finest and most modern school house in the country.

In addition to a commodious well lighted school room, there are ample cloak rooms, toilet rooms, teacher's room and library and a fuel room.

The building plan was fully approved by the state department. The building is heated and ventilated by

ium this evening. Dancing will commence promptly at 9 o'clock. Many of the young society people of the range towns have promised to motor to Brainerd to attend the dance and with the Brainerd people present it will insure a large representation at the first entertainment of the U. C. T. lodge.

Special dinner on Sunday at the Spalding Cafe from 12 to 2 o'clock.

He is a cigar salesman who is well apoken of in Earnshaw's S.-O.-W. dinner of the same of the sam

tion and this order addressed to them at their places of residence, as stated.
Witness the Honorable Page Morris,
Judge of the said Court, and the seal thereof, at Duluth, in said District, this 4th day of December, 1913.

BOOSTER CLUB MEETS

Discussed the Issuing of a Bulletin to be Printed Monthly by the Club

Past President Wm. Nelson was in the chair at the Booster club meeting Friday evening and later, when Anton Mahlum entered, he was succeeded by the president of the club. The members discussed the issuance of a monthly bulletin.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional disease, requires a constitutional disease, requires a constitutional treatment. Hall Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. \$100 REWARD. \$100

Address: F. J. CHENEY & CO., Toold by Druggists, 75c.

\$100 REWARD. \$100

pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall Catarrh Cure is taken internally, acting directly upon the blood and mucuous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. ddress: F. J. CHENEY & Co., To-

Startling Exclusive Improvements Mark the 1914 Harley-Davidson

Step-Starter—Selective Two-Speed—Double Brake Control—Double Control of Free Wheel—Folding Foot Boards—Ful-Floteing Seat, and Other Improvements.

Step-Starter Starts Machine With Rider in the Saddle and Both Wheels on the Ground

THE 1914 Harley-Davidson is marked for the innovations it presents. Innovations, but not experiments for every feature has stood the test of months and months of hard road service. The Step-Starter-an exclusive feature-furnishes the only practical method of starting a motorcycle. If the rider accidentally stalls the motor it is no longer necessary to hold up traffic on a crowded street, find a level place in the road, get off in the mud, and set the machine on the stand to start it. A downward push on either pedal and the motor again begins to throb.

Selective Type of Two-Speed The Harley-Davidson selective type of two-speed has proven itself to be exceptionally reliable, extremely simple and wonderfully efficient. It is housed inside the rear hub, thus avoiding dust, dirt or damage. Its epceds are selective and the rider can shift from low to high or high to low or to neutral at any time whether the machine is standing still or in motion.

Double Brake Control The new Harley-Davidson Band Brake may be operated by a foot lever on the right foot board or by back pedaling on either pedal.

Double Control of Free Wheel

Folding Foot Boards The Harley-Davidson foot boards are unusually long permitting a great variety of positions according to the height of the rider. This overcomes the great objection to the ordinary type of foot boards built only to fit the ordinary man. With the Harley-Davidson foot boards whether the rider is tall or short he is not forced to assume an uncomforiable position.

Ful-Floteing Seat For the third successive year the Ful-Floteing Seat is standard. This patented device floats the weight of the rider between two contented springs, assimilating all jars and vibration due to rough roads.

Other Refinements

Call, phone or write for advance announcement describing in detail the many new features of the 1914 Harley-Davidson

As Others See Us,

"Mem-sahib." asked a young East Indian girl of her English mistress, why do you wear those sad colors?" "I am in mourning, Lattoo. It is the custom of English ladies."

"But black is the color of night, mem-sahib, and yet you believe that when you die you go to heaven at once. Then why not be glad for your friends who die and wear colors such as we see in birds and flowers and falling water when the sun shines? Ah, well, Christians are strange people!"-From "The Indian Alps."

Nervous and Sick Headaches

Torpid liver, constipated bowels and disordered stomach are the causes of these headaches. Take Dr. King's New Life Pills, you will be surprised how quickly you will get relief. They Sec rity Blank Book & Printstimulate the different organs to do their work properly. No better regulator for liver and bowels. Take 25c and invest in a box today. At all druggists or by mail. H. Startling Exclusive Improvements Mark the 1914 Harley-Davidson

Step-Starter—Selective Two-Speed—Double Brake Control — Double Control of Free Wheel—Folding Foot Boards—Ful-Floteing Seat, and Other Improvements.

Step-Starter Starts Machine With Rider in the Saddle and Both Wheels on the Ground

THE 1914 Harley-Davidson is marked for the innovations it presents. Innovations, but not experiments for every feature has stood the test of months and months of hard road service. The Step-Starter-an exclusive feature-furnishes the only practical method of starting a motorcycle. If the rider accidentally stalls the motor it is no longer necessary to hold up traffic on a crowded street, find a level place in the road, get off in the mud, and set the machine on the stand to start it. A downward push on either pedal and the motor again begins to throb

Selective Type of Two-Speed The Harley-Davidson selective type of two-speed has proven itself to be exceptionally reliable, extremely simple and wonderfully efficient. It is housed inside therear hub, thus avoiding dust, dirt or damage. Its speeds are selective and the rider can shift from low to high or high to low or to neutral at any time whether the manner.

neutral at any time whether the ma-chine is standing still or in motion. Double Brake Control The new Harley-Davidson Band Brake may be operated by a foot lever on the right foot board or by back pedaling on either pedal.

Double Control of Free Wheel Free Wheel Control is operated by and or foot. With his hands on the control of the 1914 Harley-Davidson.

Folding Foot Boards

The Harley-Davidson foot boards The Harley-Davidson foot boards are unusually long permitting a great variety of positions according to the height of the rider. This overcomes the great objection to the ordinary type of foot boards built only to fit the ordinary man. With the Harley-Davidson foot boards whether the rider is tall or short he is not forced to assume an uncomfortable position.

Ful-Floteing Seat For the third successive year the Ful-Floteing Seat is standard. This patented device floats the weight of the rider between two consealed springs, assimilating all jars and vibration due to rough roads.

Other Refinements Over thirty desirable improvements are noticeable on the new Harley-Davidson.

Call, phone or write for advance announcement describing in detail the many new features of the 1914 Harley-Davidson
